2001 Garys' Vineyard Syrah

93
points

Extraordinary scent of crushed blackberries. Generous red and black fruit, mineral edges, lush texture. So delicious. Open a bottle and fall in love.
Wine & Spirits - June 2004

93
points

Very ripe with the weight, viscosity and jammy, chocolatey character that such ripeness predicts. The wine is full, fleshy and well-balanced with plentiful fruit and creamy oak.
Connoisseurs' Guide - March 2004

92
points

Dark-hued, intense and spicy, with a peppery edge. Concentrated wild berry, floral and fresh game-meat Syrah flavors, revealing rich mineral, fresh earth and round tannins.
Wine Spectator - April 2004

90
points

Deliciously smooth and full-bodied, this big red wine is plump with flavors of plums, cherries, mocha, tangerine rind and spicy oak. It's really a good wine.
Wine Enthusiast - June 2004

90
points

Fine Syrah, in a rich, supple style. It is quite peppery and toasty in aroma/flavor, with boysenberry, plum, and tobacco overtones. Very long finish.
Restaurant Wine - January 2004

2000

90
points

A fabulously rich, generous wine that oozes over the palate like nectar, carrying along black currant, cassis and herb flavors.
Wine Enthusiast - February 2003

1999

91
points

Massive mouth-coating Syrah simply spilling over with ripe berries, gamey spice and insistent black pepper aspects. Thick and fleshy, it finishes with lasting flavors of fruit and spice. An all-out effort by any standard.
Connoisseurs' Guide - February 2002

91
points

The Santa Lucia Highlands are better known for Pinot Noir, but this tasty effort makes a strong case that the warmer parts of the area may also be Syrah territory.
Los Angeles Times - February 2002

Passion in Every Glass!

2001 Garys' Vineyard Syrah

Why is the Garys' Vineyard special?

The Garys' Vineyard is a partnership between two Garys – Gary Pisoni, the owner of the famous Pisoni Vineyard in Monterey County's Santa Lucia Highlands and Gary Francioni, the owner of the Rosella's Vineyard, also in the Santa Lucia Highlands. This naturally low yielding vineyard is comprised of 40 acres of Pisoni Clone Pinot Noir and 9 acres of Syrah. Combined, the two families have over 200 years of farming experience in Monterey County.

Flavor Profiles: Garys' Vineyard Syrah

Syrah from the cool climate Garys' Vineyard combines sour cherry and plum skin fruit characteristics with minerality, white pepper and spice, and a pinch of black pepper. It is often described as a Syrah made by a Pinot Noir producer, meaning that this Syrah is very silky and elegant.

Testarossa's Style:

Complexity, Balance, and Silky Texture

Testarossa's "house style" is to create wines of uncommon complexity for you to enjoy, while maintaining the beautiful balance of natural wine flavors, hints of toasty new oak, a backbone of natural acidity, and silky smooth texture that make our wines feel as good as they taste.

Testarossa's Special Syrah Winemaking Techniques

It all starts in the vineyard where our winemaker, Bill Brosseau, works with our growers to produce rich, flavorful, and healthy grapes. All of the fruit is carefully hand sorted, and a gravity flow process is used throughout fermentation. For Syrah, we do an extended pre-fermentation coldsoak, and different from Pinot Noir, our winemaking team utilizes a combination of traditional punch downs mixed with more oxygenating pump-overs which are critical for this varietal.

Unique Characteristics of the 2001 Vintage

The 2001 vintage started off with a long cool spring, followed by ideal warmer conditions during the summer. The fall harvest season was picture perfect with day after day of sunshine and nary a rain cloud in sight until well after harvest was complete. The long hang time and perfect harvest conditions make this a classic vintage that should have great aging potential for both our red and white wines.
