This is as big and rich a wine as you might expect from Santa Lucia, filled with ripe peach and apricot flavors. It holds to a smooth balance with generous texture.

The volume has been turned up higher here, and this big, bold, very ripe wine rings true to our expectations for Testarossa Chardonnay.

There's a lot of young, toasty oak riding on top of the fruit. Long in the mouth and in the finish, this delicious wine has crisp, supporting acids.

Passion in Every Glass!

2003 Rosella's Vineyard Chardonnay

Tasting notes from winemaker Bill Brosseau:

Pale yellow color. Rich aroma filled with tropical fruit, spice, and vanilla bean. The wine opens up with a lively crispness that marries well with the French oak. Fruit and spice carry through this expressive wine from start to finish.

Why is the Rosella's Vineyard special?

Gary Francioni planted his family vineyard, named after his lovely wife Rosella, on River Road in the heart of the Santa Lucia Highlands. Intense wines result from the labor intensive farming, Arroyo Seco sandy loam soil, and a marine climate highlighted by strong coastal winds blowing off Monterey Bay which make for foggy mornings, breezy afternoons and a long, drawn out growing season.

Flavor Profiles: Rosella's Vineyard Chardonnay

The Rosella's Vineyard is known for its intensity of rich ripe fruit with layers of spice and minerality from the gravelly-loam soils of the Santa Lucia Highlands. This Chardonnay has complex flavors of apple, pear, lemon, and apricot flavors with hints of fresh earth all wrapped up in a blanket of spicy French oak. The finish is silky smooth with just a whisper of hazelnut and nutmeg essence.

Testarossa's Style:

Complexity, Balance, and Silky Texture

Testarossa's "house style" is to create wines of uncommon complexity for you to enjoy, while maintaining the beautiful balance of natural wine flavors, hints of toasty new oak, a backbone of natural acidity, and silky smooth texture that make our wines feel as good as they taste.

Testarossa's Special Chardonnay Winemaking Techniques

It all starts in the vineyard where our winemaker, Bill Brosseau, works with our growers to balance the vines so they produce rich, flavorful, and nutritionally healthy fruit, without over or under stressing the vines. In the cellar we use native yeast fermentations in 60 gallon French Oak barrels, 100% Malolactic fermentation, and special new innovations that yield uncommonly rich Chardonnays.

Unique Characteristics of the 2003 Vintage

2003 started off with uncharacteristically warm 80-degree weather in January, fooling some of our vineyards into coming out of dormancy two weeks to two months early. As the season progressed, the warm weather did not relent and most of the fruit ripened within a small time frame. The early bud break allowed the grapes to achieve record hang time resulting in wines that show great depth of flavor, color and richness.
