A savory style, ripe, rich and complex, with dried cherry, herb, sage and mineral flavors. On the finish the tannins give it nice structure.

Passion in Every Glass!

2004 Bien Nacido Vineyard Pinot Noir

Tasting notes from winemaker Bill Brosseau:

Deep garnet color. Aromas of black pepper, anise, and spice leading to scents of ripe cherry and nutmeg. Upon taste, the black pepper spice ebbs and flows with the taste of custard. The texture is fine and well integrated, leading to a plush and lasting finish. Enjoy for the next 6-8 years.

Why is the Bien Nacido Vineyard special?

The Bien Nacido Vineyard, planted in 1973, sits in one of the most ideal locations in Santa Barbara County's cool ocean facing Santa Maria Valley which gives the grapes exceptionally long hang time. Underlying the eastern edge of the vineyard is an old crumbly shaley-loam stratum of soil called **Elder Series**, which adds extra mineral flavors to the wines.

Flavor Profiles: Bien Nacido Vineyard Pinot Noir

Forward rich cherry fruit, layers of complexity, spiciness and a special minerality are all unique characteristics of this wine from 30+ year old vines. Very old shaley-loam **Elder Series** soils underlie Testarossa's individually selected vineyard blocks giving this unmistakably rich New World Pinot Noir a complimentary Old World minerality.

Testarossa's Style:

Complexity, Balance, and Silky Texture

Testarossa's "house style" is to create wines of uncommon complexity for you to enjoy, while maintaining the beautiful balance of natural wine flavors, hints of toasty new oak, a backbone of natural acidity, and silky smooth texture that make our wines feel as good as they taste.

Testarossa's Special Pinot Noir Winemaking Techniques

It all starts in the vineyard where our winemaker, Bill Brosseau, works with our growers to balance the vines so they produce rich, flavorful, and nutritionally healthy fruit, without over or under stressing the vines. All of the fruit is carefully hand sorted, and a gravity flow process is used throughout fermentation. In the cellar we do an extended pre-fermentation cold-soak, and then use a special strain of yeast in our small custom designed 5-ton stainless steel fermentors.

Unique Characteristics of the 2004 Vintage

2004 started off with an unusually warm dry spring, resulting in enhanced fruitfulness in the vineyards. Moderately warm summer temperatures meant harvest would come a week or two early. September began with a big heat spike, low humidity, and little fog, and harvest ramped up to full capacity instantly. Color and tannin intensity of the wines are pleasantly balanced with a rich fruit-forward focus.
