TESTAROSSA PARTNER VINEYARDS

Passion in every glass

VINEYARDS LISTED NORTH TO SOUTH

Appellation Summaries

Arroyo Grande Valley

Based in San Luis Obispo County, California, Arroyo Grande is known for producing fine Pinot Noir and Chardonnay grapes. The climate, during the growing season, is influenced by the close proximity of the Arroyo Grande Valley to the Pacific Ocean. The valley experiences a long dry moderate summer season and a mild winter season. The cool climate and low yields, as well as exceptional soil, lend to the elements that produce acclaimed fruit from this region.

Chalone

The viticultural area is located on a geological bench in the Gabilan (or Gavilan) Mountain Range of Central California, near Salinas Valley. The climate of the Salinas Valley is tempered by the cooling winds from Monterey Bay which form a thick fog layer that extends to an elevation of 1,000 feet (305 m). The soils of the Chalone area has limestone and decomposed granite soil and significantly differ from soils of surrounding areas. The limited rainfall and soil content of limestone and granite contribute to the rich bouquet found in Chalone wines.

Russian River Valley

Located less than 10 miles from the Pacific Ocean, has a climate influenced by cool morning fog from the Petaluma Gap that dissipates during the day. This fog causes significant diurnal temperature variations. The Russian River, which is rain-fed and swells in winter, provides essential irrigation during the dry late spring. Summer warmth is moderated by the fog, allowing for a long ripening period and reducing the risk of overripe flavors in the grapes.

Appellation Summaries

Santa Cruz Mountains

The mountainous Santa Cruz Mountains appellation has been home to our winery since 1888. Cool night and warm sunny days allow for long, slow, full ripening of the fruit. Most wines come from high-altitude, small vineyard, growing on top of an ancient seabed near the Pacific Ocean. These growing conditions give the wines a distinct identity, characterized by fresh flavors, bright fruit, and minerality.

Santa Lucia Highlands

Santa Lucia Highlands is one of the state's best-known regions for world-class Chardonnay and Pinot Noir. The area's proximity to Monterey Bay makes for a very cool climate, with one of California's longest growing seasons. The resulting slow, gentle ripening allows for full flavor development on the vine. Testarossa's production team's partnership with the best estates in the Santa Lucia Highlands ensure only the highest quality fruit makes it to the winery.

Santa Rita Hills

The Santa Rita Hills appellation is one the unique places where the valleys run east-west opening up toward the Pacific Ocean near Lompoc in Santa Barbara County. The valley is nestled between the Purisima Hills and the Santa Rosa Hills with the Santa Ynez river running through it. Fog and cool, ocean breezes coupled with wind and soils that limit vine vigor add to intense flavor in cool climate Chardonnay and Pinot Noir. Testarossa has been making wine from the Santa Rita Hills since 2004.
